

Podium

XM Platform Score

Podium offers services to improve your reputation on Google, as well as a live chat and a payment processing. Their offerings are unique in that they don't fit perfectly into experience or reputation. They have some CX features, some reputation features, chat features and payment features. If you have a small retail business looking to grow your business, this might be your solution. Their customer base is mostly single location small businesses. Pricing is usually per location.

Experience Management Platform Score See How Podium Stacks Up

While our competitor focuses on customer communication tools, Experience.com offers customer survey and review generation, listing management, employee scorecarding, and reputation marketing to automatically improve your customer experience and boost your business growth.
